We are pet owners, too
Each member of our staff, in every department, has personal experience in the care of dogs, cats and other pets. We understand how important your pet is to you because we’re all pet owners too. Our veterinarians provide continuing education to sales staff and work closely with a review team of product specialists to ensure that we offer only the best pet health care products and pet supplies.

Lambert Vet Supply (LVS) is
Celebrating our 25th Year!
Established in 1994 with a twofold mission: First to provide pet owners with quality pet supplies, pet medications and veterinary supplies at competitive prices; Second, to provide the best customer care in the industry starting with friendly, experienced sales people committed to making Lambert Vet Supply your lifetime source for pet advice and products for the health and wellbeing of your pets.

We will earn your trust
Our pet pharmacy is located in our Kansas location. State licensed pharmacists and pharmacy techs review each prescription and order for accuracy. We were one of the first accredited pharmacies in America and supply only the same exact meds your vet sells to you. At every step of the way, when you place your trust in Lambert Vet Supply, we work hard to earn it.

We are proud to have earned the respect and trust of pet owners and companion animal businesses who know they can count on us to have the pet supplies, pet medications and pet health care products they need while providing them with friendly, efficient service. We know you have many choices when it comes to pet supplies and we thank you for shopping with Lambert Vet Supply.

We are growing and expanding
By staying true to our company mission, we’ve expanded from our company headquarters in Fairbury, Nebraska, to include locations in Belleville, Kansas, and Neosho, Missouri. In addition to our website, we offer personalized route delivery service of pet foods and pet supplies to Kansas, Missouri, Oklahoma and Arkansas. Call us if you are interested in this service for details.

All Heartworm Medicine

HEARTWORM DISEASE

Heartworm is transmitted through mosquito bites.

Heartworm infection treatment is expensive and can be a lengthy process for the pet.

Heartworm medication may also protect against other parasites.

Heartworm testing requires only a small blood sample from your pet.

Some symptoms of Heartworms:
- Weight loss
- Decreased appetite
- Mild persistent cough
- Excess abdomen fluid
- Heart failure

Whipworms ✓

For Dogs!

Profender®, Rx (For Cats) Available by prescription only!
(Emodepside/Praziquantel)

- Topical spot-on treats & controls tapeworms dipylidium caninum & taenia taeniaeformis, as well as both adult & larval stages of roundworm toxocara cati & the hookworm ancylostoma tubaeforme.
012BAY-CAT-MED1 .70 ml x 1 tube (medium cat 5.5-11 lbs) .... 14.99 ea

For Cats!

Praziquantel, is often used to treat tapeworms caused by fleas. Praziquantel dissolves the tape worm inside the intestines. It is important to note that only praziquantel will treat tapeworms from fleas. Products like Safeguard® will remove tapeworms in dog which came from eating an infected, dead animal but will not eliminate flea-born tape worms. Bayer® produces a non-prescription treatment containing praziquantel that may be suitable for removal of common tapeworms in some cases.

Probiotics - Digestive Health

Puppy Booster Dog Probiotic Powder by Pet's Choice Pharmaceuticals
- A Healthy gut strengthens your pet’s immune system.
- Helps with Digestive problems: Diarrhea, Gas & Bad Breath.
- Source of live (viable), naturally occurring microorganisms, Lactobacillus acidophilus, which helps provide “good bacteria” for your cat or dogs gut microbiome (digestive system).
- Helps balance intestinal flora or good bacteria in the intestinal tract after disruptions from antibiotic therapy, deworming & digestive disorders or during times of stress, including weaning, travel, kenneling & training.
- Tasty flavor brings your pet back to their water bowl to maintain hydration.

Directions: puppies/kittens: mix 1 tablespoon with 1 gallon water.

Adult dogs/cats: mix 1 tablespoon with 1 gallon water or sprinkle 1 teaspoon over food every 3 days. Mixed water solution should be discarded within 24 hours if not consumed.

Puppy Booster

Switch & Save!

Probios® Intelligflora® (Powder) by Vets Plus, Inc. (for dogs or cats)
- Beneficial live (viable), naturally occurring microorganisms supports a healthy digestive system & a strong immune system.

**Blade Care**

**Oster® Lube® & Blade Lube**
Premium lubricating oil when used regularly will significantly extend blade life. Ideal for all clippers & blades. Non-detergent oil meeting FDA purity standards. **Blade Wash®** Cleans & lubricates by easily flushing away hair build up trapped between upper & lower cutting blades. Cleaning solution removes factory applied preservatives from new blades. Always use Blade Wash® prior to other liquids.

**Glacier Salmon Oil Omega Liquid Supplement**
(for dogs) by Pet’s Choice Naturals

*Pure wild caught salmon oil with no fillers!*

An Omega-3 Supplement is good for the following:
- Promotes healthy skin.
- Helps boost immune system.
- Eases inflammation & stiff joint pain.
- Regular use may help reduce shedding.

Glacier Salmon Oil is sustainably sourced from state-regulated wild salmon fisheries in Alaskan waters & is high in natural Omega-3 fatty acids to aid in the development of body cells, nerves, muscles & body tissues. Omega-3 fatty acids may also slow down certain cancers such as lymphoma. Proudly made in USA.

**Dosage (for dogs):** under 12 lbs - 1/2 pump, 12-25 lbs - 1 pump, 25-50 lbs - 2 pumps, 50-100 lbs - 3 pumps, & over 100+ lbs - 4 pumps. (1 pump = 0.7 teaspoon/3.5 ml).

**Contains:** salmon oil.

Joint Health for dogs, cats & horses

Nutramax® Laboratories offers only the highest quality joint supplements to help your dog, cat or horse live the best life possible.

- Natural & effective long-term joint support.
- Only joint health supplement brand shown effective, safe, & bioavailable in published, controlled U.S. studies.
- Cosequin®, the original research brand has been supporting joint health for over 20 plus years.
- Cosequin® offers a formula targeted for every degree of animal activity.

Published studies have shown the trademarked ingredients in Cosequin® work together to help maintain the cartilage structure while inhibiting enzymes that break down cartilage to enhance a dog's mobility & quality of life.

Source: Among retail brands. Survey conducted among small animal veterinarians who recommended oral joint health supplements.
